Dear Mr. Friis

Just wanted to let you know what difference ECA has made in my daughters life. She has blossomed in the world of Art! It is a wonderful program and the teachers are very personable and helpful. My daughter has come a long way and is able to express herself at ECA.

She will be more prepared for the college of her choice than if she were to take art in the regular high school program.

We do not wish to see ECA close - this has been such a wonderful adventure, learning experience and personal growth for my daughter.

Thanks for your time and consideration.
